APPLICATIONS

Museums, conference rooms, lecture halls, cinemas, A/V presentation rooms, surround, immersive sound

The **Pan AMT P 261-AMT | Cine** is a passive loudspeaker with bass reflex system (D'Appolito) in an attractive compact column design for speech and music applications. The **Pan AMT P 261-AMT | Cine** is characterised by a high level of fine detail and excellent resolution even at the highest frequencies.

The loudspeaker contains two 6.5" HQ woofer drivers and a specially developed **AMT tweeter unit from Mundorf**. The enclosure is made of aluminium and can be custom-finished in any colour. The chassis are protected from external impact by a perforated metal sheet that is integrated into the design.

At the back of the P 261-AMT | Cine there there is a NL4 speakON connector. The optional mounting accessories (wall, ceiling and tripod mounts) can be installed by inserting a slot nut in the lateral slots and the rear slot.

The **P 261-AMT | Cine** can be operated individually or in combination with subwoofers from the Pan Subwoofer series.

FEATURES

High efficiency, integrated protection circuit, high reproduction quality even in acoustically challenging environments, sleek and unobtrusive design.

MOUNTING ACCESSORIES

For the **Pan AMT** series, there is a wide range of mounting accessories for fixed installation and mobile use.

All **Pan AMT** loudspeakers are designed, developed and manufactured in Germany by Pan Acoustics according to strict criteria and with high-quality materials.
